## Incorporation and Adoption

The Miami-Dade County Home Rule Amendment, Article VII, Section 11, of the Florida State Constitution was adopted in a statewide election in November of 1956. A Miami-Dade County Home Rule Charter was adopted May 21, 1957 and became effective on July 20, 1957. The charter has been amended from time to time by the electors of Miami-Dade County. The most recent amendment was on March 12, 1996.

Under the Constitutional Amendment and the Charter, Miami-Dade County became endowed with powers far exceeding those of other Florida counties. It enjoys Home Rule subject only to the limitations of the Constitution and general laws of the state of Florida. It is, in effect, a super-municipality with governmental powers effective upon the thirty cities in the County and the unincorporated area. It has not displaced or replaced the cities but supplements them. The County can take over particular activities of the city's operations (1) if the services fall below minimum standards set by the County Commission, or (2) with the consent of the governing body of the city.

The County has a commission-executive mayor form of government. The Board, which consists of thirteen member districts, is the legislative and governing body of the County and is responsible for the formation of all policies. The mayor is not a member of the Board and has veto authority over legislative acts. The Mayor appoints the members and chairperson of the Board's standing committees. The Mayor, who was first elected in October of 1996, is elected every four years in a County-wide election.

The Board of County Commissioners appoints the County Attorney. The Mayor appoints the County Manager subject to County Commissioners approval. The policies and legislative actions of the Board are implemented by the County Manager through his staff and various administrative departments.
